

The Matt Edition Polo and Vento

Drive your suave

For those who aim for picture perfect, without the flash.

The all new Volkswagen Polo and Vento Matt Edition are a new kind of different. They command attention with sharp elegance.

Proving beyond a doubt, you don't need shine to outshine.

If there ever was an embodiment of raw magnetism, this is it.

The Polo and Vento's flawless design language, refined aesthetics and distinctive look put them eons ahead of the competition. Equipped with the revolutionary Volkswagen TSI engine, they can more than handle their own on the road. Power, performance and poise in one enviable package.

If trendsetters are what you're after, the Volkswagen Matt Edition Polo and Vento are for you.

Feel the power

Power vs. Efficiency, the eternal compromise. Not with the all new Polo and Vento. A refined marvel of unprecedented performance, the Volkswagen TSI engine oozes an untamed 110PS. And yet, at 18.24 kilometres per litre[^] on the Polo and 17.69 kilometres per litre[^] on the Vento, doesn't irresponsibly guzzle fuel. Leaving you plenty more to play with, while you set the road on fire. With 175 Nm of torque shooting thrill through your veins. And a new 6-speed automatic transmission that truly hands you the reins. Let's just say your mini beast isn't pulling over anytime soon.
